 Subject: Uniyt Principals Follow Up

Again thank you for the great job that I knew you would do. You had them eating out of your hand. They would like to have a follow-up meetings through out the year rather than waiting until the summer. Below are dates they would like to meet with you. IF POSSIBLE, please note if possible - the east side of the mountains would like to have you come over their one day and host a meeting on the west side. Most of our schools are on this side of the mountain. Seven schools are in the Yakama valley. Either way they are willing to work it out.

The dates they would like to have you consider are:  
 November 28, 29, 30

January 23, 24, 25

February 27, 28, Mar1

June 25-29 (summer institute)

Among the topics identified for the meetings are:

Systems thinking - visioning, maximum use of time

School diagnosis - analyzing scores - scope and sequence

Selecting new programs to meet the unique needs of the school

Scope and sequence, Curriculum Mapping

Classroom management - how to handle multiple groups in a classroom.

Strategies in working with and understanding cultural groups

Increasing effectiveness of poor educators - retaining staff in high need schools

Grant writing skills

X As you know I gave them copies of Human Possibilities and the drafts of PrinciPALS, The New 3 R's for Parents, and The New 3R's for Teachers.

Please contact me asap so that the principals can clear their calendars. Again thank you very much.

Andy
